ABOUT BRIGHTLEAF SOLUTIONS, INC.

Brightleaf provides a technology powered service to extract information using our own proprietary semantic intelligence/natural language processing technology; our own team of lawyers to check the output; and our own Six-Sigma process to deliver end-to-end, highly accurate, extracted data.

The data can be virtually anything, and it is customized for each and any type of contract. All meta-data, terms and conditions, legal provisions, and even all obligations (which are usually scattered throughout your contracts) are extracted by our software. This extracted data is checked by our team of lawyers, and provided in a format for easy upload into any system, such as a Contract Lifecycle Management System (CLM), for tracking and reporting ([download Strategy Brief](#)).
